SECTION 4: IT SECURITY POLICY & CREDENTIAL MANAGEMENT PROTOCOLS

Vivekananda College of Technology & Management • Central IT Cell & Administration

1. Flexible Multi-Identifier Authentication Architecture

The VCTM ERP platform incorporates dual-identifier authentication for all university roles:

- Students can authenticate using either their 13-digit AKTU Roll Number OR their institutional email address.
- Faculty members can authenticate using their assigned Employee Code (e.g. FAC-CSE-001) OR official email.
- Super Administrators can authenticate using "admin" or "admin@vctm.in".
- Automatic identifier resolution links directly to Supabase Auth credentials without manual alias mapping.

2. Password Security & Super Administrator Credential Management

- Salted bcrypt hashing: All credentials are cryptographically hashed and never stored in plaintext.
- Initial Password Change: Users are encouraged to change their default password upon first successful login.
- Super Admin Real-Time Control: The Central Administrator possesses direct server-side credential management privileges to update login emails, issue temporary access passwords, or re-apply default institutional credentials.
- No confirmation links required: Administrative credential resets take immediate effect via secure backend endpoints.
- Audit Logging: All credential alterations are permanently recorded in the institutional system audit trail.

3. Role-Based Access Control (RBAC) & Institutional Scopes

- Super Admin (Tarun Kushwah): Full academic hierarchy setup, AI timetable ingestion, user account lifecycle.
- HOD (Mr. Waseem): Department-wide oversight, timetable approvals, faculty allocation, attendance audits.
- Faculty Members: Real-time class attendance marking, timetable views with academic year & section clarity.
- Students: Personalized timetable view, daily attendance statistics, subject syllabi, and official college circulars.
- Data Isolation: Row Level Security (RLS) policies strictly isolate student records across distinct cohorts.

INSTITUTIONAL AUTHORIZATION & DOCUMENT VERIFICATION

This document represents the certified Master Login Access Directory for Vivekananda College of Technology & Management.

Generated from the live Supabase database for Academic Session 2026–2027.
